The Strikers Claim to Be Winning
Steadily—More Miners
Quit Work.

WHEAT STILL CLIMBING UPWARD.

Barboursville, Ky., Aug. 4.—Every indication now points to trouble over the trial of John Dugan for the recent murder of John Colson of Middleborough. Both factions are ready to fight at the drop of the hat, and well known fighters are on both sides. The condition of affairs now is very serious.

A KITCHEN FATALITY.

Hot Grease Terribly Burns a

cess of Steamship Accom-
modations.

Pack Indians Raising the Price of
Carrying Freight.

San Francisco, Aug. 4.—Three hundred more prospectors called this morning for Alaska. The rush to the gold fields continues so great that the ship companies can not find vessels enough to carry those who are eager and waiting to go.

Seattle, Wash., Aug. 4.—The pack Indians on the Klondike have doubled the price of carrying freight. This will make an additional hardship on many prospectors, as the price has

Pittsburg, Pa., Aug. 4.—The strike is slowly spreading. More men are quitting work every day. The strike leaders are very confident of ultimate success.

WHEAT BOUNTING.

Reaches \$3.44 in New York Yes-
terday on the Higher Cables.

New York, Aug. 3.—Wheat prices were elevated still more today by a combination of very strong cables, large export orders and general, local and outside buying. September, in the early afternoon, sold up to \$3.44, which was the high-water mark, this far.

CHICAGO WHEAT BOUNTING.

Chicago, Aug. 4.—Wheat is still going up here. It reached 78 cents today and the indications are good for higher prices.

GIRLS STRIKE.

Won't Work With Negroes in At-
lanta.

Atlanta, Ga., Aug. 4.—A thousand girls struck in the Fulton Bag Works this morning because negroes have been employed. This is the first serious strike that has ever occurred in this city.

Famine in Japan.

San Francisco, Aug. 4.—Latest advices from Japan report a terrible famine there and thousands are dying.

SOUTHERN IRON REVIVAL.

Semi-Annual Report Shows Great
Growth in Shipments.

Birmingham, Ala., August 3.—The semi-annual report of the Southern iron committee, just completed, shows some big shipments of pig-iron and cast-iron pipe from the South. The total shipments of pig-iron for the six months were 2,191,000 tons, and of cast-iron pipe, 36,890 tons. The total shipments proper, which do not include Anniston, Bridgeport or Sheffield, were: Pig-iron, 336,827 tons; cast iron pipe, 17,072 tons. The total export tonnage was 122,890 tons from the South, of which 120,708 tons were iron. These figures show a great increase over those of last year, and the big shipments are being maintained.

PEACE CONFERENCE.

Makes Unexpected Progress With
the Negotiations.

Constantinople, Aug. 3.—The peace conference was in session today and unexpected progress was made with the negotiations. It is said that everything has been arranged except the question of evacuation of Thessaly, which is to be considered tomorrow. It is hoped that a solution of the whole difficulty is now imminent.

AFTER NINE YEARS

A Murderer With Many Aliases
Arrested Here.

WANTED NEAR HENDERSON.

George Bryant Arrested For Kill-
ing Jeff Hancock in 1888.

WILL BE TAKEN BACK AT ONCE.

George Bryant, alias Thomas Anderson, alias Alfred Wilson, is the name of a desperate colored alleged murderer arrested at Ninth and Washington streets shortly after noon today by Officer Frank Orr for a murder committed near Henderson, Ky., in 1888. The charge against him is killing T. J. Hancock, better known as "Jeff" Hancock, a logger.

Mr. R. L. Hancock, a brother of the murdered man, and J. E. Onan, his brother-in-law, arrived in the city this morning and at once proceeded to locate their man.

Some time since a carpenter named Friel came here from Henderson county, and upon returning informed Mr. Hancock that he believed the negro who murdered his brother was working here.

Mr. Hancock, at once went to work, and by enlisting the services of a colored man of the city this morning found the fugitive murderer.

The crime was a most atrocious one. One Saturday in May, 1888, at Diamond Island Bend, twelve miles from Henderson, three negroes and two white men were rilling logs. Jeff Hancock was one of the white men, and Bryant, alias Anderson, alias Wilson was one of the darkeys.

They were engaged in "packing" when Hancock asked the negro not to jar the log. Shortly afterwards when he had his back turned the negro struck him in the back of the head with a heavy hand spike, and as he fell from his stooping posture to the log he struck him again just as his head came in contact with the log.

The injured man lived but six hours, and the murderer escaped and has since been at large until he was taken today.

He came to Paducah in June, last year, and has been working as a brakeman on the Cairo Short Line.

According to the colored man who assisted the men in locating the murderer, the latter confesses to killing Hancock, and also to killing Cook Clay, colored, some time since near Henderson, as well as badly cutting a woman named Ella Turner, somewhere in Tennessee a few years ago.

He is undoubtedly a bad negro, and was not told this afternoon for what he was arrested. Mr. Hancock swore out a warrant against him, which is sufficient to hold him, but this afternoon Marshal Collins telegraphed to Henderson for authority to take the negro here. He was indicted soon after the commission of the crime.

Both Messrs. Hancock and Onan live near Geneva, not a great distance from Henderson, and will leave with their prisoner by the first train.

BILL STONE

Forced to Announce Himself For
Governor—Goebel Also
a Candidate.

Shackelford Not a Popular Can-
didate With the Free Silver
Contingent.

Dawson, Ky., Aug. 3.—(Special to Courier-Journal.)—The conference of the silver leaders at Dawson Sunday has brought to the surface many things that were in the nature of political surprises.

It has not only launched the Goebel boom in Western Kentucky—at the very door of Hill Stone's home—but it has caused Stone to break his silence and announce that he is a full-fledged candidate for governor himself. William M. Smith's friends, especially those from Graves county, were not slow to put in an oar for their man.

It has made Ollie James a warm favorite for congress in the First district. Congressman Wheeler completely ignored the silver crowd, although he is one of the most radical silverites in the state, and several of his former supporters left here with knives up their sleeves for him. He was in Princeton Sunday, fourteen miles away from the conference. Fletcher Dempsey hobbled with the crowd from the Second district, and worked his congressional boom for all it was worth. If plans do not miscarry Congressman Clardy will not make the race again, and Dempsey is the local politician's candidate.

This conference was conceived and brought forth by Charlie Meacham, the Hopkinsville newspaper man. It was his intention, however, to limit the attendance to the First and Second districts, but it soon grew to a small-sized state affair. Bryan is to be invited to make four speeches in the state in September, to cover the four weakest points or where the silverites and Populists are not acting in harmony. This is to be done with a view of solidifying

the Populist vote on Shackelford, thus throwing Parker down.

It is said here "on the dead quiet" that the nomination of Shackelford was a disappointment. "He took things entirely too easy," said a silver man today, "and didn't aid Bryan in the Kentucky campaign as he should. Parker is a game fighter, and these silver fellows can not but admire the fight he made in the state for Bryan last fall."

BIG PLANT RESUMES.

Cleveland Company Employing
3500 Men Opens Its Mills.

Cleveland, O., Aug. 3.—For the first time in years work was resumed in all departments of the Cleveland Rolling Mill Company's big plant at Newburg yesterday morning, giving employment to about 3500 men. The departments which were opened full blast and with their full quota of men were the hoop mill, bar mill, two rod mills, three steel works, brick mill, blooming mill and gas works. The guide mill also resumed, and the wire mill will resume on Thursday. General Manager Wilson Chisholm said: "Of course we cannot say that we shall be able to operate all departments full force permanently, but there seems to be a general feeling among our customers that the outlook is brighter, and that the stimulation of trade will be permanent."

PROSPEROUS TIMES ASSURED.

Labor Troubles Adjusted in the
Birmingham, Ala., District.

Birmingham, Ala., Aug. 3.—The last of the labor troubles in the Birmingham district were settled yesterday when the Tennessee Coal, Iron and Railroad Company signed a contract with the coal miners in the Blue Creek division, 700 in number. There men have been idle for more than two months, on account of not being able to agree with the company for a scale of prices for mining coal. The men were getting 25¢ per ton and the company offered 27¢. Yesterday it was resolved to make a settlement at 26¢ for No. 1 foundry iron at \$7.50 per ton, and for every advance in iron to the amount of 50¢ there is to be a 2½¢ advance on every ton of coal. The Blue Creek mines resume work today. All the troubles in industrial affairs in the Birmingham district are at an end, and steady work is assured.

But the day of Maud's Slaves Is
to Be Canceled.

Leaders Are Counting on Good
Behavior to Carry Their
Point.

Pittsburg, Aug. 3.—The strikers continue to gain accessions to their number from the New York and Cleveland company's men. Sandy Creek and Turtle creek mines are completely idle, and the Plum creek men are slowly but surely coming into line with the men encamped in the vicinity. Today nearly half of the company failed to go to work, and a number of those who went into the pit have promised to quit as soon as they clean up the coal now lying in their rooms. At Camp Determination it was reported that every one of the miners of the New York and Cleveland Gas Coal Company who had gone to work was in sympathy with the movement, and only their signatures to a contract prevented them from staying out. The miners are satisfied with the progress they have made. They claimed that the offending mines were nearer to suspension today than they have been since the strike was inaugurated, and are jubilant over the work they have done.

Peace and order seem to be the watchword of the strikers. They realize that they have the sympathy of the public and if they lose it their cause will get a black eye. At the headquarters of the miners' officials in this city there were many callers during the day. Professors of aid were numerous, and the majority did not wish the public to know of their sympathy.

Good weather has been a great card for the campers. Just where most of them would find shelter in case of rain is a problem. So long as dry weather lasts the men can stand the exposure at night, but were a wet spell to set in it would necessarily force many of the men to desert the fields of operation. The roads now are dry, and while dusty are nevertheless in fairly good condition for the sturdy pedestrians that tramp over them. Inclement weather would soon place them in the most deplorable kind of condition, and should this come, the men could not stand the extra hardship.

There are close upon 2,000 strikers in camp at Turtle creek, 350 at Plum creek and 300 at Sandy creek. If this number is not sufficient to deter the Desamit miners from going to work all these camps will be largely increased before the end of the week.

Arrangements are being made for the big meeting on the wharf Thursday night. It promises to be the greatest demonstration of the kind ever held in this city. Eugene V. Debs and Mrs. Mary G. Jones will be the speakers.

Part of the Turkish Fleet Sent to
the Island of Crete, It Is
Reported.

Constantinople, Aug. 3.—The Turkish fleet has been ordered to sail for Crete, Island of Crete. If the statement contained in the Constantinople dispatch alluded to is correct, fresh trouble may be anticipated in the settlement of the Greco-Turkish peace preliminaries. It has been reported for some time that the Turkish government was contemplating landing additional Turkish troops in Crete, and on Thursday last the admirals in command of the foreign fleets in Cretan waters held a conference and decided to oppose by force the landing of any Turkish reinforcements in Crete. They notified Ismail Bey, the Turkish civil governor, of the decision arrived at. But the Turkish governor replied that he could not accept such a decision, apparently taking the ground that the Porte would persist in its retention to force the Turkish garrison in Crete.

EXCESSIVE HEAT.

W. H. ALEXANDER FOUND DEAD.

Discovered in His Room at Rogers'

Hotel—He Had Been in the
Gutter.

VERDICT, DIED OF HEAT PROSTRATION.

W. H. Alexander, aged 27, died of heat prostration about 3 o'clock last night in his room at Rogers' hotel, on West Broadway. He was found in bed by Mrs. Hester, Mr. Rogers' housekeeper, who could not arouse him.

Doctors Taylor and Robertson were summoned, and Dr. Taylor, who was first to arrive, found the body very warm, the mercury rising as high as it could in its thermometer, which was to 110. Life was extinct, however, and Commander Nance was called to hold an inquest.

The physician testified that the young man died of excessive heat, and fellow workmen at the ceased work in the afternoon on account of getting too hot. The coroner's jury returned a verdict in accordance with the evidence.

The deceased had resided here for several years, and was a native of Como, Tenn., where his mother and sister now live. He was at one time a conductor on the N. C. & St. L., and at another time on the I. C. The remains were taken to Nance's undertaking establishment and prepared for burial, and his mother and sister notified. The only relative he leaves here is Motorman George Alexander, of the Paducah line.

The remains of W. H. Alexander, who was found dead at Rogers' last night, were embalmed by Nance today, and will be held until his relatives are heard from, there being no telegraph station at Como.

Nick Strickland left his home on Leibel Row Monday well and happy. He was a colored rouster on the steamer "Land City," which plies between Paducah and Danville. His wife saw him next at 2 o'clock this morning, a corpse.

Strickland was one of the oldest rousters on the river, and at Danville yesterday complained of being ill. Capt. Jones gave him medicine, and he soon revived sufficiently to resume work.

When the boat reached here at 1 o'clock this morning he started home, accompanied by Daniel Cud, another rouster. Strickland soon again complained of being ill, and of pains near the heart and chest. Cud to carry a sack of provisions for him. This Cud did. Strickland soon became unable to walk, and on Elizabeth street between Fourth and Fifth sat down on the curbstone, and sent his companion after another rouster to help carry him home. John Freeman returned with him, and they found Strickland lying in the gutter, dead.

Commander Nance was notified by telephone, and at once held an inquest in the street, the verdict being that Strickland came to his death from heart failure of some cause unknown. The jury was composed of Asst. Atty. Gen. Charles Anderson, Joe Enders, Ed McConnell, W. B. Rollers, James Skiffan and W. S. Childers.

The body was then removed to the deceased man's home, and buried this afternoon.

PETROLEUM LAKE IN ALASKA

Oil Expected to Yield Gold in En-
riching the New Country.

San Francisco, Cal., August 3.—While the world is excited over the gold discoveries in the north, sight has been lost of another discovery that promises to be of great value in the development of that section. Some months ago a lake of almost pure petroleum was discovered, and samples were sent to Seattle for analysis. The assayer's report on these has just been made public. The first is reported to be of incredible richness. A company has been formed in Seattle to handle the product, and travelers from there say that the company intends to put it on the Alaskan market at once.

The lake is of unknown depth, several miles wide and 5 to 6 miles in length, and the quality of the petroleum is said to be of the finest. It is fed by springs, and the hills surrounding it are said to be rich in coal and asphalt. The lake is only two miles from the ocean, so that the difficulties of transportation are reduced to a minimum. It is the expectation of the owners of the lake to take its product into the mining camps of Northern Alaska wherever the waterways will permit.

STILL DELAYED

Is Work on the New Sewerage System.

It seems to be the City's Fault—Engineer Elliott, of Memphis, May Come.

There is still a hitch in the commencement of work on the sewerage system. Contractor White is ready, and has been for two days, but the city has purchased no lot for the pumping station, has located no outlets for the sewers, and, in fact, is entirely unready for the beginning of work.

Negotiations are now pending with Sanitary Engineer Elliott, of Memphis, to come here and act as associate engineer, but as yet nothing definite is known in regard to his coming.

LOCAL MENTION.

Equality, Ill., Feb. 8th, 1897.
J. C. Mendenhall, Evansville, Ind.: Dear Sir:—I have had a good sale on your Improved Chill and Fever Cure during the last year, having purchased two (2) gross. I find the preparation gives good satisfaction and the demand is steadily increasing.

Yours truly,
G. A. BORDLAND.

Died in the Country.

The infant child of Mr. George Aydelott, of the country, died yesterday. The remains were carried to Livingston county for burial.

Deaths at Benton.

Dan Clark, of near Benton, a well known farmer, died Monday of brain fever. The three year old daughter of Mr. Daniel Fisher died at the same place.

Blackberries Cause Trouble.

Mr. Smith, of the Henderson school-house vicinity, was warranted before Justice Winchester yesterday afternoon for allowing Mrs. Babb, a neighbor, alleged to have picked blackberries on his farm.

First Fight at Benton.

J. M. John and H. B. Carper, prominent residents of Benton, created some excitement yesterday by engaging in a fistfight, Carper getting struck twice. Neither was hurt.

Will Make Another Ascension.

Will Lyle, the young man who made his first balloon ascension at LaBelle park Sunday, will make another ascension and parachute leap on Saturday at one of the parks.

Important Business Deal.

The building occupied by Jacob Bryant as a barber shop, on Broadway near Fourth, was yesterday sold by Messrs. I. D. Wilcox and Joe and Arthur Gardner to Mr. Joe Hyman for \$5,000. Mr. Hyman, it is understood, has wanted the property for the past ten years, and ten years ago offered \$4,500 for it. He will likely continue to rent it.

Lindsey Gives Bond.

William Lindsey, of Everett City, who was arrested by Deputy U. S. Marshal LaRue yesterday, and held to answer before the Federal grand jury for violation of internal revenue laws, executed the \$500 bond yesterday afternoon and was released. Mr. M. W. Clark becoming his surety.

A Card of Thanks.

To the good citizens of Paducah, who assisted and sympathized with me in my sorrow. I wish to thank Mrs. Rice, Mr. and Mrs. Epstein, Mrs. Hay and family, Mrs. Chappell, Mrs. Harshbarger, Mrs. Thompson, Mrs. Girard and others. Especially would I thank the good Messrs. C. O. and every member. May God bless and prosper the order for which I thank all who participated in its formation. The press made it a hundred dollars; it was but half that amount; however, had it been again as little I accept it gratefully on behalf of myself and little daughter. Have I forgotten anyone it is the fault of the head and not the heart. Remember I think you all, and say again God bless and prosper you all, and may you never need assistance, and may I temper your sorrow as He has tempered mine.

Mrs. Ed G. BORNE.

New Barber Shop.

Mr. H. Hayes, the well known barber, has opened a barber shop at 131 Broadway, Frank Martin's old stand. He does first class work. Give him a call.

Masonic Notice.

NO SEATS

For the School House in Rowland Place.

The School Board Meets Again Friday—Fun Among the Members.

The board of education adjourned last night until Friday in order to have a whole evening in which to consider and discuss the plans of Architect B. B. Davis for the new school house on Broadway.

The board is in quite a predicament over seats for the Rowlandtown school house. There were only eight members present last night, and it requires eight votes to appropriate any amount of money, even the price of a box of chalk.

The board has always had a good supply of old desks on hand that could supply a want until this year, but it has now doubled up and redoubled until it can double no more.

The evidence showed that he was correcting her for alleged misconduct, and Judge Sanders dismissed the charge. He took occasion to say that some husbands killed their wives for such conduct, and when prosecuting Attorney Reeves suggested that the conduct of Hamilton himself might not be above reproach, the Judge said the same law ought to apply to husbands. The comments created quite a little amusement in the court room.

William Graft, for a plain drunk, was fined \$1 and costs.

Henderson Olds and Annie Morton, colored, were charged with immorality in Judge Sanders' court. They denied the charge and were acquitted.

Before Justice Dunaway. County Attorney Houser went out to Henderson this afternoon to try a case against Wm. Smith, charged with using provoking language towards Mrs. Babb. Justice Dunaway will hear the case.

331 Broadway.

Last night the matter of buying desks for the Rowlandtown school house, which is nothing more than a vacant grocery at present, was brought up. The amount necessary was about \$150, but when the vote was taken Capt. Smith, through economy, opposed the measure and voted against it, which defeated the appropriation.

Before the vote was announced, however, Secretary Wm. Brian, who is one of Capt. Smith's old chums, asked him to change his vote, but he declined, and made a very humorous speech, mildly roasting the secretary by saying that all the education he got was down here in the fields of Marshall county on split-bottom logs.

"It makes me sick," smiled the general Captain, "to hear a man talking about desks when he never heard of one until he got on the school board." He wouldn't change his vote.

The others say, however, that there'll be enough at the meeting Friday to buy the benches.

This is the first time for many years that the board did not have a holiday during August. Usually there is no meeting in August, but the building committee this year became delayed in the school house matter and as a result the board may have to meet several times in August.

GAS COMPANY ACQUITTED.

Charged With Leaving Streets in Bad Condition.

A wife beater was acquitted—An Immorality Case Dismissed.

The case against the Paducah Gas Light Company for failing to properly fill up a ditch excavated in South Third street, was called in Judge Sanders' court this morning and dismissed. The ordinance regulating such things does not specify any time in which the ditch shall be filled, and hence the law may not be complied with by the company. The decision practically invalidates the ordinance.

I. C. R. R. SPIKES.

Assistant Yardmaster Bob McCann is quite ill.

Trainmaster J. A. Frates, of Memphis, was in the city today.

The Illinois Central has put into effect an export rate of ten cents on corn to New Orleans from Chicago. This is in accordance with the policy of the company, which is determined to make New Orleans one of the leading ports of export in the country. The company announces that it will meet any rate made by the east-bound lines to the Atlantic seaboard.

As yet nothing has been done in placing the blame for the collision in the Union Depot yards, or the collision Sunday near Stiles. Both crews in the Stiles wreck were laid off pending a decision by the investigating committee.

Ticket Agent J. A. Crow acted as baggage master this morning instead of Baggage Master Flowers, who was off on account of the death of his father. Mr. George Warfield was in charge of the ticket office.

Fireman L. L. Martin, of the Illinois Central, came up last night quite ill from prostration by heat.

Engineer A. J. Oswley, formerly of the C. O. & S. W. line, is back from Ohio, after 18 months' absence. He now lives in Middleton, O., and may locate here.

OVERCOME BY HEAT.

Mr. John R. Smith Very Ill This Morning.

Mr. John R. Smith, of Evansville, the well-known coffin drummer, arrived on the 8 o'clock train from Fulton. He was overcome by heat soon after his arrival and has been quite ill at his room at the Palmer. He is a very large man, weighing 250 pounds, but it is not thought his illness is severe.

Funerals Today.

The funeral of the late Mr. R. H. Flowers took place at 3:30 this morning from the M. E. church, interment at Oak Grove. A large collection of friends followed the remains to the grave.

The last rites over the remains of Deputy Jailor Frank Phillips were also attended by a large crowd this afternoon at 4 o'clock. The interment was at Oak Grove, services by Rev. Tally.
